## About PIH Health Downey Hospital

### PIH Health

PIH Health is a nonprofit, regional healthcare network that serves approximately three million residents in Los Angeles and Orange Counties. The fully integrated network is comprised of PIH Health Downey Hospital, PIH Health Good Samaritan Hospital, PIH Health Whittier Hospital, over 30 outpatient medical office buildings, a multispecialty medical (physician) group, home healthcare services and hospice care, as well as heart, cancer, digestive health, orthopedics, women's health, urgent care, and emergency services. The organization is nationally recognized for excellence in patient care and patient experience, and the College of Healthcare Information Management Executives has identified PIH Health as one of the nation's top hospital systems for best practices, cutting-edge advancements, quality of care, and healthcare technology.

### PIH Health Downey Hospital

PIH Health Downey Hospital is a nonprofit, 199-bed hospital that has been serving the community of Downey and surrounding areas for more than 105 years. The hospital joined PIH Health in October 2013. In addition to high-quality inpatient care, PIH Health Downey Hospital provides 24-hour emergency services and outpatient services with two multispecialty medical office buildings on and adjacent to the hospital campus.

### Awards and Recognitions

PIH Health Downey Hospital was the recipient of awards and accolades in fiscal year (FY) 2025:

- *US News and World Report* (2024-2025) High Performing in three procedures or conditions:
  - Diabetes
  - Stroke
  - Knee replacement
- 2025 American Heart Association/American Stroke Association's Get With The Guidelines - Stroke Gold Plus Quality Achievement Award; Target: Stroke<sup>SM</sup> Elite Plus Honor Roll; Target: Type 2 Diabetes Honor Roll
- National Healthcare Safety Network called out Downey Hospital among 514 hospitals in the US with zero catheter associated urinary tract infections
- Among 339 US hospitals with a zero central-line associated bloodstream infection rate according to CMS healthcare infections data
- Downey Hospital ranked a top hospital by Forbes in 2026

## Mission, Vision, and Values

To improve the health and wellness of our communities

### Vision

The first choice for care

### Values

- Patients first
- Quality and service excellence
- Teamwork
- Integrity
- Compassion
- Accessible

## Governance

PIH Health Board of Directors guides the direction of community benefit, with assistance from the Community Benefit Oversight Committee (CBOC).

### Board of Directors

Alex Alvarez	Deborah Medrano
J. Richard Atwood	Patrick Monroe
Thurso Barendse	William Roth
Melanie Batiste	Tracea Saraliev
Marissa Goldberg	Scott Southron
Peter Greaney MD	Paul Treinen
Jeffrey Hamar	Charlotte Weaver PhD RN, <i>Chair</i>
Scott Krog	Kenton Woods
Regine Lawton	

### Community Benefit Oversight Committee

The Community Benefit Oversight Committee (CBOC) is an advisory committee for the hospital's community benefit programs. The CBOC reviews and validates legal and regulatory compliance specific to community benefit mandates; assures community benefit programs and services are effectively meeting identified community health needs, with emphasis on populations with unmet health needs; and increases transparency and awareness of community benefit activities.

The members of the CBOC include:

- Esther Aguilera MPA, Los Angeles County Department of Public Health
- Verónica Castro, Interfaith Food Center
- Amy Catt, Interfaith Food Center
- Anthony Cespedes MPA, Los Angeles County Board of Supervisors, Hilda Solis, First District
- Jonathan Cordova, Office of Congresswoman Linda T. Sánchez, California District 38
- Darren Dunaway, Human Services Association
- Richard Espinosa, Community Member
- Donna Gallup EdD MSW, Whittier First Day
- Jazmine Garcia Delgadillo DrPH MPH, Los Angeles County Board of Supervisors, Hilda Solis, First District
- Cortney Kaller MDA RDN CNSC, Sodexo
- Nayon Kang, Koreatown Youth and Community Center
- Hillary Mennella DNP FNP-BC, Cerritos College
- Juan Navarro, Los Angeles Centers for Alcohol and Drug Abuse
- Nicole Noggle MSW, Cerritos College
- Maria Ochoa CLPHNS, Los Angeles County Department of Public Health
- Jim Ortiz, My Friend's House Assembly of God Church
- Luz Perez, TLC Family Resource Center, Downey Unified School District
- Irene Redondo-Churchward, Community Member
- Melanie Renteria, Office of Congresswoman Linda T. Sánchez, California District 38
- Ramiro Rubalcaba EdD, Los Nietos School District
- Jose Miguel Ruiz MSW, CultivaLA
- Drew Sones, Community Member
- Melanie To, Koreatown Youth and Community Center
- Elvia Torres MS LMFT MBA, SPIRITT Family Services
- Norma Yoguez LMFT MBA, SPIRITT Family Services

## Caring for Our Community

PIH Health Downey Hospital recognizes its obligation to provide service above and beyond its role as a healing facility. This report demonstrates tangible ways in which PIH Health Downey Hospital is fulfilling its mission. The hospital provides financial assistance to those in the community who cannot afford services, or whose health insurance does not cover all services. In addition, PIH Health Downey Hospital invests in the community to increase access to healthcare services and improve health outcomes.

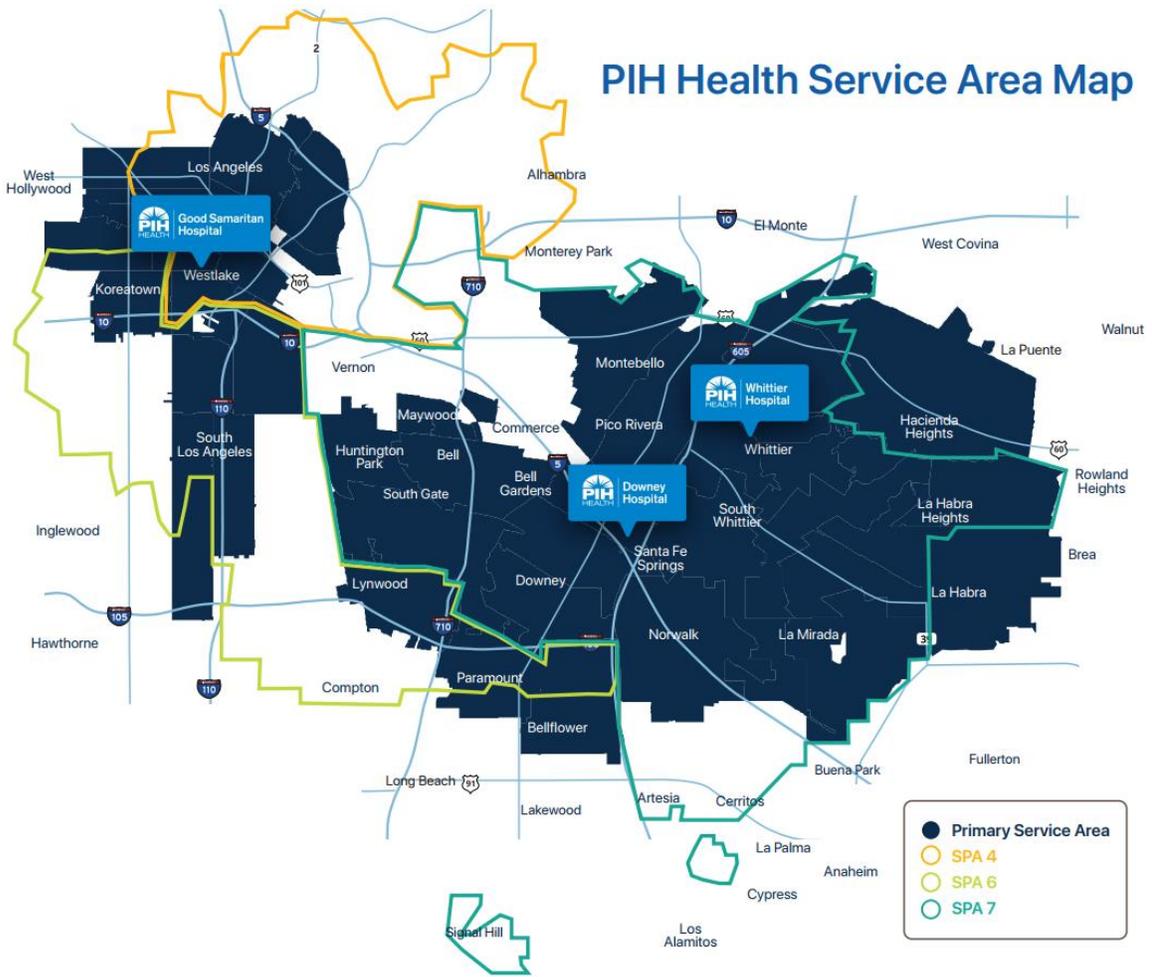

### Service Area

PIH Health Downey Hospital is located at 11500 Brookshire Ave, Downey, CA 90241. The hospital's service area encompasses 11 ZIP Codes in 10 cities or communities. The service area is served by the Los Angeles County 4<sup>th</sup> Supervisorial District and falls within Los Angeles County Service Planning Areas (SPA) 6 and 7.

**PIH Health Downey Hospital Service Area**

<b>Geographic Areas</b>	<b>ZIP Codes</b>	<b>Service Planning Area</b>

Population with Medi-Cal coverage	40% (SPA 6), 29.8% (SPA 7)
California Healthy Places Index, state rank for clean environment	29.2%

<sup>1</sup> Individuals who speak English “less than very well” are considered linguistically isolated.

## Community Health Needs Assessment

PIH Health Downey Hospital completed a Community Health Needs Assessment (CHNA) in FY 2025 as required by state and federal law. The CHNA is a primary tool used by the hospital to determine its community benefit plan, which outlines how it will give back to the community in the form of healthcare and other community services to address unmet community health needs. The CHNA adheres to California Senate Bill 697 and the Patient Protection and Affordable Care Act through IRS section 501(r)(3) and is conducted every three years by the hospital. PIH Health Downey Hospital participated in a collaborative process for the CHNA with PIH Health Whittier Hospital. Given that these hospitals share an overlapping service area, the collaborative effort reduced redundancies and increased data collection efficiency.

The CHNA incorporated components of primary data collection and secondary data analysis that focused on the health and social needs of the service area. The CHNA examined up-to-date data sources for the service area to present community demographics, social drivers of health, healthcare access, birth indicators, leading causes of death, acute and chronic disease, health behaviors, mental health, substance use, and preventive practices. When applicable, these data sets were presented in the context of Los Angeles County and California and were compared to Healthy People 2030 objectives. Healthy People 2030 is a national initiative to improve the public's health by providing measurable objectives that are applicable at national, state, and local levels.

PIH Health Downey Hospital conducted targeted interviews to gather information and opinions from people who represent the broad interests of the community served by the hospital. Fifteen (15) interviews were completed from February through March 2025. Leaders and/or representatives of medically underserved, low-income, minority populations, as well as local health or other departments or agencies that have current data or other information relevant to the health needs of the community, were represented in the sample. Input was obtained from the Los Angeles County Department of Public Health.

### Significant Community Health Needs

Significant health needs were identified through a review of the secondary health data and validated through community stakeholder surveys. The identified significant health needs included:

- Access to care
- Chronic diseases
- Dental care
- Economic insecurity

- Food insecurity
- Housing and homelessness
- Mental health
- Overweight and obesity
- Preventive practices
- Substance use

### **Prioritization of Health Needs**

The identified significant health needs were then prioritized with input from the community. The community stakeholders were asked to rank order the health needs according to highest level of importance in the community. The respondents ranked housing and homelessness, mental health, access to healthcare, and substance use as the top four priority needs in the service area.

The complete CHNA report and the Implementation Strategy can be accessed at:

[PIH Health Downey Hospital 2025 Community Health Needs Assessment](#)

[PIH Health Downey Hospital FY 2026-FY 2028 Implementation Strategy](#)

We welcome feedback on the CHNA and Implementation Strategy. Please send your feedback to [Community.Benefits@PIHHealth.org](mailto:Community.Benefits@PIHHealth.org).

## Addressing Priority Health Needs

In FY 2025, PIH Health Downey Hospital engaged in activities and programs that addressed the priority health needs identified in the FY 2023-FY 2025 Implementation Strategy. PIH Health Downey Hospital committed to community benefit efforts that addressed: access to healthcare, chronic diseases, preventive practices, social drivers of health, and substance use. Selected activities and programs that highlight the hospital's commitment to the community are detailed below.

### Access to Care

#### Response to Need

##### Financial Assistance and Insurance Enrollment Assistance

PIH Health Downey Hospital provided financial assistance through free and discounted care for healthcare services, consistent with PIH Health's financial assistance policy. To address healthcare access barriers, the hospital also offered enrollment assistance in low-cost insurance programs. Medi-Cal eligibility workers assisted 1,832 community members with enrollment assistance in low-insurance programs. The Financial Assistance Navigator assisted 114 community members with financial aid.

##### Health Insurance Education

PIH Health has produced "Navigating the Healthcare Maze," a video series with resources available free to the public. The video series, which can be accessed [here](#), aims to eliminate confusion around how to access and move through the healthcare system. Topics include considerations for insurance coverage, understanding bills, and useful tips for taking control and managing your health.

##### Resources and Health Information

Care Management staff offered a free telephonic community resource, assisting 5,660 community members with resources and health information. Additionally, the hospital provided case management for people experiencing homelessness in our Emergency Department.

##### Support Services

The hospital provided case management and community resources for 2,547 people who were uninsured or who could not afford the support services due to homelessness or limited health insurance. Services included durable medical equipment, skilled nursing care, medications at no cost, home health care, recuperative care, and clothing.

## **Transportation**

PIH Health Downey Hospital provided transportation to patients with no alternative means of transportation upon discharge. In FY 2025, 1,053 rides were provided.

## **Chronic Diseases**

### **Response to Need**

#### **Health Education, Outreach, and Support**

Provided free health-focused programs available to the public, which targeted disease management, prevention, and treatment that reached 101 people. In addition, Family Medicine Residents provided community outreach activities, educating 100 high school students about potential health risks, the importance of early detection, and the need for regular wellness checks.

#### **Hospice Homes**

PIH Health provided community members with the option for compassionate end-of-life care and family support at two PIH Health hospice homes.

## **Preventive Practices**

### **Response to Need**

#### **Health Education, Outreach, and Support**

Sidewalk CPR taught 26 community members the basics of resuscitation.

PIH Health offered an online Health Library, available free to the public.

*Healthy Living*, a publication of PIH Health, was distributed to approximately 500,000 community members. The magazine offered health information, tips for preventive care, and community education classes. The information was also posted on the website and was available at all PIH Health locations. In addition, PIH Health distributed a monthly e-newsletter to 313,000 community members with health information including tips for preventive care and healthy eating.

#### **Safety**

Family Medicine Residents provided screenings to area residents. Sports physicals were provided at no charge to 850 high school students at La Serna High School in Whittier, Los Altos High School in Rowland Heights, and Warren High School in Downey.

## **Social Drivers of Health**

### **Response to Need**

#### **Food Security**

PIH Health promoted the free USDA Summer Lunch program across SPAs 4, 6, and 7. In addition, distributed area food bank flyers in physician offices.

#### **Support Services**

Upon hospital discharge, at-risk patients were connected with vital services and resources to help them manage their health. Provided 2,547 people with skilled nursing, mental health care services, transportation, medications, durable medical equipment, and clothing.

## **Substance Use**

### **Response to Need**

#### **Outreach, Support, and Treatment**

PIH Health provided Medication Assisted Treatment (MAT) for opioid addiction. When people came to the Emergency Department (ED) in withdrawal, they were offered participation in the MAT ED Bridge program, which included buprenorphine to alleviate withdrawal symptoms. Over 465 individuals received substance use support services and resources.

Case management for people experiencing substance misuse was provided in the ED.

Social workers provided substance use resources and health information through a community helpline.

## Other Community Benefit Services

PIH Health Downey Hospital provided community benefit services in addition to those programs focused on addressing priority health needs.

### Health Professions Education

#### Graduate Medical Education

PIH Health Downey Hospital's Family Medicine Residency program trained resident Doctor of Medicine (MD) and Doctor of Osteopathic Medicine (DO) physicians in primary care and offered rotations in various specialties. In FY 2025, the program trained 20 physicians.

#### Nursing Education

Through partnerships with universities and colleges, PIH Health provided staff-precepted clinical education for six nursing students.

#### Other Health Professions Education

Other health professional students were educated and performed their clinical hours and/or internship rotations. At PIH Health Downey Hospital, 41 students were directly supervised by hospital staff.

- Occupational therapy
- Pathology
- Pharmacy
- Radiology
- Respiratory therapy
- Social work

### Subsidized Health Services

*Clinical programs provided despite a financial loss because it meets an identified community need.*

#### Emergency & Acute Program

Provided specialty physician back-up coverage to ensure physician services in the hospital and ED to address access to care for patients who meet the organization's financial assistance policy. In FY 2025, three community members benefited.

## **Cash and In-Kind Donations**

### **In-Kind Donations**

Hospital employees represented the hospital on community boards and collaboratives that focused on increased access to health and social services, improved safety, and wellness issues. Dedicated space was provided to community organizations.

## **Community Benefit Operations**

PIH Health’s community benefit operations continue to include administrative support, CBISA software subscription, and a community benefit consultant’s support was provided for the completion of the FY 2024 Community Benefit Report and Plan, FY 2025 CHNA, and FY 2026-FY 2028 Implementation Strategy. Additionally, community benefit operational support was provided for management of community support funding to address significant community health needs.

## **Community-Building Activities**

### **Disaster Readiness**

PIH Health Downey Hospital supported disaster readiness efforts in the community that were in addition to the required standards for hospitals.

### **Environmental Improvements**

PIH Health continues to implement “green” initiatives, including increased usage of LED lighting to decrease consumption of electricity, expansion of a project with the City of Whittier to convert methane gas into electricity, and purchase of reprocessed instruments through a vendor agreement that results in national forest restoration.

### **Workforce Development**

PIH Health staff supported programs that encourage youth to enter healthcare professions, including the Medical Careers program, which gives student volunteers a head start in discovering meaningful careers in healthcare through shadowing medical career professionals. Staff also engaged with local students interested in exploring a healthcare career, including Surgery staff who participated in La Serna High School’s Career Fair and shared information with 300 students about surgical services, the importance of patient care, and the impact of healthcare professionals in the community.

## Financial Summary of Community Benefit

PIH Health Downey Hospital's financial summary of community benefit for FY 2025 (October 1, 2024 - September 30, 2025) is summarized in the table below. PIH Health Downey Hospital's community benefit investment complies with Internal Revenue Service Instructions for Form 990 Schedule H. Costs are based on PIH Health Downey Hospital's overall cost-to-charge ratio. Appendix 1 lists the community benefit programs by category.

<b>Financial Assistance and Means-Tested Government Programs</b>	<b>Vulnerable Populations</b>	<b>Broader Community</b>	<b>Total</b>
Traditional Charity Care	\$224,414		\$224,414
Medi-Cal Shortfall	\$11,426,549		\$11,426,549
Other Means-Tested Government Programs (Indigent Care)	\$685,882		\$685,882
<b>Sum Financial Assistance and Means-Tested Government Programs</b>	<b>\$12,336,845</b>		<b>\$12,336,845</b>
<b>Other Benefits</b>

<b>Total Community Benefit with Medicare</b>	<b>\$16,064,340</b>	<b>\$4,172,828</b>	<b>\$20,237,168</b>

\*Sum of Financial assistance, Means-Tested Government Programs and Other Benefits.

## Community Benefit Plan FY 2026

The Community Benefit Plan describes the actions the hospital intends to take, including programs and resources it plans to commit, to address the priority significant health needs identified in the FY 2026-FY 2028 Implementation Strategy.

### Significant Needs the Hospital Intends to Address

PIH Health Downey Hospital will address the following priority health needs:

- Access to healthcare
- Chronic disease
- Preventive practices
- Social drivers of health
- Substance use

#### **Access to Healthcare (includes primary care and mental health care)**

**Goals:** Increase access to healthcare and mental health care to improve the health of medically underserved individuals in the community and increase the capacity of healthcare provider partners to meet the needs of the medically underserved.

#### **Strategies**

1. Provide financial assistance through free and discounted care and governmental health programs for low-income patients for healthcare services, consistent with the hospital's financial assistance policy.
2. Offer health insurance information and enrollment assistance.
3. Provide transportation support for patients who cannot access health services because of lack of transportation.
4. Provide case management, resources and health information, and provide funding for outpatient psychiatric care, recuperative care, and skilled nursing facilities for the medically indigent.
5. Provide cash and in-kind donations to nonprofit community organizations dedicated to increasing access to healthcare, including primary healthcare, and mental health care.

#### **Chronic Diseases (includes overweight and obesity, healthy eating, and physical activity)**

**Goals:** Reduce the impact of chronic diseases on health, increase the focus on chronic disease prevention and treatment education, and reduce overweight and obesity by increasing healthy eating and physical activity.

### **Strategies**

1. Present community health education focused on cancer survivorship.
2. Conduct community outreach programs to provide information, education and resources, and raise awareness about chronic disease prevention and management.
3. Provide support groups for people with chronic diseases, as well as their families and caregivers.
4. Collaborate with community organizations to address local community health needs.
5. Provide cash and in-kind donations to nonprofit community organizations dedicated to addressing chronic diseases and increasing access to healthy eating and active living.

### **Preventive Practices**

**Goal:** Increase access to preventive care to improve the health of medically underserved individuals in the community.

### **Strategies**

1. Conduct community outreach programs to provide information, education, and resources, and raise awareness about preventive care practices.
2. Perform preventive screenings at low or no cost.
3. Provide flu vaccines, pneumonia vaccines, and other preventive vaccines.
4. Provide cash and in-kind donations to nonprofit community organizations dedicated to providing preventive care services, including vaccines and screenings.

### **Social Drivers of Health (includes food insecurity, and housing and homelessness)**

**Goals:** Increase community resources to address the social drivers of health and build strategies to improve the health and housing stability of people experiencing homelessness.

### **Strategies**

1. Screen patients for food insecurity to address social drivers of health. Provide and promote community resources that address food insecurity.
2. Utilize emergency department community navigators to assist vulnerable populations, including people who were experiencing homelessness.
3. Provide cash and in-kind donations to nonprofit community organizations dedicated to address the social drivers of health.

### **Substance Use**

**Goal:** Increase access to interventions and practices that offer a continuum of services and support, including substance use prevention, harm reduction, treatment, and recovery.

## **Strategies**

1. Support the emergency department as a primary access point for the treatment of substance use disorders and co-occurring mental health conditions. Utilize trained navigators to identify patients who would benefit from initiating medication assisted treatment (MAT).
2. Provide cash and in-kind donations to nonprofit community organizations dedicated to providing substance use services.

### **Evaluation of Impact**

Through the CHNA process, community stakeholders provided input on the community health needs impacting the community, prioritization of the needs, and resources to address the needs. Appendix 2 identifies the community groups and local officials that were consulted.

PIH Health Downey Hospital will monitor and evaluate the programs and activities outlined above. The hospital has implemented a system for the collection and documentation of tracking measures, such as the number of people reached or served, and collaborative efforts to address the health needs. An evaluation of the impact of PIH Health Downey Hospital actions to address these significant health needs will be reported in the next scheduled CHNA.

### **Health Needs the Hospital Will Not Address**

PIH Health Downey Hospital cannot address all the health needs present in the community, but it will concentrate on those priority health needs that it can most effectively address given its areas of focus and expertise. Taking existing hospital and community resources into consideration, PIH Health Downey Hospital will not address the remaining health needs identified in the CHNA, including dental care and economic insecurity.
