

ORCHARD HOSPITAL POLICY AND PROCEDURE

DEPARTMENT: BUSINESS OFFICE

SUBJECT: BAD DEBT

APPROVAL DATE: 01/2026

POLICY:

It is the policy of Orchard Hospital to ensure that patient debts are collected.

For medical care delivered by OH, data is collected in a timely and consistent manner.

Payment for such debts will be pursued according to uniform criteria and procedures applicable to all OH patients who have not qualified for financial assistance under us Financial Assistance Policy for free services.

Patient debt will be advanced to collections only after the Director has reviewed it of the Revenue Cycle/Business Office Manager and deemed uncollectible. Patient debt is not

sold to a debt buyer unless it has been found that the patient is ineligible for financial reasons.

assistance, or the patient has not responded to any attempts to bill or offer financial assistance for 180 days.

Information obtained from income tax returns, pay stubs, or the monetary asset documentation collected for the discount payment or charity care eligibility determinations

will not be used for collection activities.

GENERAL INFORMATION:

Active patient accounts are considered bad debts when they are reviewed by the

Director of Revenue Cycle/Business Office Manager and deemed uncollectible. An account is considered uncollectible when it meets the following criteria:

1. Patient Responsibility: The balance is the patient's responsibility; no payment has been received, and no financing can be arranged to pay the account balance.
2. Attempts to Contact: The party responsible has been sent at least three monthly statements, and a phone call or attempt to contact has been made.
3. Account Age: The account is 180 days or greater from the date the first statement was sent.
4. Denial by Third Party: The third-party carrier has denied (in writing) responsibility for any payment on the account, and the collector has documented the patient's refusal to pay or finance the account.
5. Deceased Patient: Notification that the patient is deceased, and no estate is available to pay the debt.
6. Timely Filing Denial: A justified denial of payment due to late filing has been received.

Extended Payment Plans:

- Under OH's Financial Assistance Policy, or for patients classified as indigent, extended payment plans are available for those who do not qualify for financial aid

assistance. These plans are interest-free.

- The extended payment plan may be declared no longer operative after the patient fails to make all consecutive payments due for 90 days.

Use of Collection Agencies:

- A collection agency may be used to obtain payment only after the debt has been deemed uncollectible by the Director of Revenue Cycle/Business Office Manager.
- The collection agency must comply with and be subject to all applicable federal, state, and local laws, including 501(r) requirements.

Bad Debt vs. Contractual vs. Administrative Adjustments:

- Bad Debt: Full expected payment amount not received.
- Contractual: Difference between gross charges and expected payment based on contract with payer.
- Administrative Adjustment: A non-allowable charge or an error on OH's part (usually agreed upon by the Director/Business Office Manager and/or CFO/CEO).

PROCEDURE:

1. Determination of Collectability:

The Business Office (BO) employee determines the account to be uncollectible based on the established criteria.

2. Bad Debt Write-Off Form:

The BO employee prepares a bad debt write-off form, attaches proper support

documentation, and marks the account with a note of recommendation

3. Approval Process:

- o The write-off form and attachments are given to the Director of Revenue Cycle/Business Office Manager for review.
- o All balances below \$15,000 are approved by the Director of Revenue Cycle/Business Office Manager.
- o All balances above \$15,000 are approved by the CFO/CEO.

4. Write-Off:

Once all necessary approvals are received, the account is written off to Bad Debt.

5. Advancement to Collections:

Once an account is written off to Bad Debt, it may advance to a collection agency under the following conditions:

- o The debt has been determined to be uncollectible and approved for write-off.
- o The collection agency follows all relevant federal, state, and local laws, including 501(r) requirements.

Authority to Advance Debt to Collections:

- o The Director of Revenue Cycle/Business Office Manager has the authority to advance accounts with balances under \$15,000 to collections.
- o The CFO/CEO must approve the advancement of accounts with balances over \$15,000 to collections.

DISCLOSURE:

Any information gathered to determine a patient's eligibility for financial assistance or free care shall not be used to pursue collection actions or shared with any collection agencies. This ensures compliance with both federal and state regulations, including 501(r) requirements
