Financial Assistance Application

Stanford Children's Health have a variety of options available for uninsured or underinsured patients.

Our financial assistance options include:

No Application Necessary

- Uninsured Discounts
  Some services may be excluded.
- No Interest Payment Plans
  Balances to be paid generally within 6 months.

Application Required

- Financial Need Discounts
  Discount at a rate comparable to our government payers. Some services may be excluded.
- Full Financial Assistance
  100% of patient portion due. Some services may be excluded.
- Extended No Interest Payment Plans
  Available to patients who qualify for financial need discounts.

A completed financial assistance application, proof of income, and any medical expenses incurred outside of Stanford Medicine Children's Health must be submitted for us to consider a financial need discount and/or full financial assistance. Once we receive your completed application, we may assess whether or not you qualify for state or county programs. If this assessment determines you do not qualify for these programs, we will evaluate your financial assistance application to determine if you qualify for a financial need discount or full financial assistance. Those who qualify may receive assistance with their hospital bills for services provided at Stanford Children's Health and physician bills for physicians employed by Stanford University.

Financial need discounting and full financial assistance is not available for all services. Consideration for future services will be based on medical necessity and catastrophic costs.

In considering financial assistance, our first priority is to assist those who have had emergency services. Next, is to assist those who have had or will have medically necessary non-emergency services falling within either of the following two categories:

A. Category 1
   Stanford Children's Health is the closest hospital to the patient's home or place of work; or

B. Category 2
   Stanford Children's Health is not the closest hospital to the patient's home or place of work but one or more of the following factors apply:

   a. The patient has a unique or unusual condition which requires treatment at Stanford Children's Health as determined by the Chief Quality and Medical Information Officer of SCH.

   b. The patient's care would further the institutions teaching mission as determined by the Chief Quality and Chief Medical Officer of SCH.

Important Information Required With Application
