Charity Care/Discounted Payment Policy

I. Policy:

Pursuant to this Policy, the Hospital will provide eligible patients Charity Care or Discounted Payment, together referred to as "financial assistance." The Hospital shall provide this financial assistance to individuals who demonstrate an inability to pay for Medically Necessary Services. Eligibility guidelines and application procedures for Charity Care and Discounted Payment are detailed in this Policy.

II. Purpose:

The purpose of the Charity Care and Discounted Payment Policy (the "**Policy**") is to define the eligibility criteria and application process set forth by Dameron Hospital Association (the "**Hospital**") to provide financial assistance to low-income, uninsured and underinsured patients.

This Policy is intended to comply with the Hospital's mission and values as a nonprofit public benefit organization and with requirements set forth in California Health & Safety Code §§ 127400 *et seq* and with the requirements applicable to tax-exempt hospitals under § 501(r) of the Internal Revenue Code and the Department of Treasury regulations issued thereunder.

III. Definitions:

- A. "**Charity Care**" means Medically Necessary Services provided to a patient at no charge/free care to the patient or his/her family.
- B. "**Discounted Payment**" means that the Hospital shall limit the expected payment for Medically Necessary Services for Financially Qualified Patients to a discounted rate which is any charge for care that is reduced but not free.

- C. **"Emergency Medical Care"** means care provided for Emergency Medical Conditions.
- D. **"Emergency Medical Condition"** is defined as:
1. A medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, psychiatric disturbances and/or symptoms of substance abuse, such that the absence of immediate medical attention could reasonably be expected to result in any of the following:
 - a. Placing the patient's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
 - b. Serious impairment to bodily functions; or
 - c. Serious dysfunctions of any bodily organ or part.
 2. With respect to a pregnant woman who is having contractions:
 - a. That there is inadequate time to effect a safe transfer to another hospital before delivery; or
 - b. That transfer may pose a threat to the health or safety of the woman or the unborn child.
- E. **"Essential Living Expenses"** means expenses for any of the following: rent or house payment and maintenance; food and household supplies; utilities and telephone; clothing; medical and dental payments; insurance; school or child care; child or spousal support; transportation and auto expenses, including insurance, gas and repairs; installment payments; laundry and cleaning; and other extraordinary expenses.
- F. **"Federal Poverty Level"** is defined in the chart set forth on **Attachment A**, based on the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services.
- G. **"Financially Qualified Patient"** means a patient who is both of the following:
1. A patient who is a Self-Pay Patient, as defined in Section III.L, or a Patient with High Medical Costs, as defined in Section III.J; and
 2. A patient whose family income does not exceed 400 percent of the Federal Poverty Level.
- H. **"Income"** shall be limited to recent pay stubs or income tax returns. The hospital may accept other forms of documentation of income but shall not require those other forms. If a patient does not submit an application or documentation of income, a hospital may presumptively determine that a patient is eligible for charity care or discounted payment based on information other than that provided by the patient or based on a prior eligibility determination.
1. Monetary assets may no longer be considered in determining eligibility for charity care or discount payment.
- I. **"Medically Necessary Service"** means a service or treatment that is absolutely necessary to treat or diagnose a patient and could adversely affect the patient's condition, illness or injury if it were omitted, and the service or treatment is not considered an elective or cosmetic surgery service or treatment.

- J. **"Patient with High Medical Costs"** means a patient who meets *all* of the following requirements:
1. A patient with third-party coverage (*i.e.*, not a Self-Pay Patient);
 2. A patient whose family income does not exceed 400 percent of the Federal Poverty Level, as set forth in Section III.F; and
 3. A patient whose annual out-of-pocket costs and expenses incurred by the individual at the hospital exceeds the lesser of 10% of the patient's current family income or family income in the prior 12 months, if the patient provides documentation of the patient's medical expenses paid by the patient or the patient's family in the prior 12 months.
 - a. "Out-of-pocket" costs and expenses "mean any expenses for medical care that are not reimbursed by insurance or a health coverage program, such as Medicare copays or Medi-Cal cost sharing."
- K. **"Patient's family"** means the following:
1. For persons 18 years of age and older:
 - a. Spouse;
 - b. Domestic partner, as defined in Section 297 of the California Family Code; and
 - c. Dependent children under 21 years of age, whether living at home or not.
 2. For persons under 18 years of age:
 - a. Parent;
 - b. Caretaker relative; and
 - c. Other children under 21 years of age of the parent or caretaker relative. ;
- L. **"Self-Pay Patient"** means a patient who does not have third-party coverage from a health insurer, health care service plan, Medicare or Medicaid, and whose injury is not a compensable injury for purposes of workers' compensation, automobile insurance or other insurance, as determined and documented by the Hospital.
- M. **"Reasonable Payment Plan"** means monthly payments that are not more than 10 percent of a patient's family income for a month, excluding deductions for Essential Living Expenses.

IV. Eligibility

A. Eligible Services

Financial assistance provided to Hospital patients pursuant to this Policy shall only apply to charges incurred for Emergency Medical Care and other Medically Necessary Services. If it is unclear whether a particular service is an Emergency Medical Care or other Medically Necessary Service, then the Chief Medical Officer or his/her designee shall determine whether services rendered to the patient were Medically Necessary Services.

Emergency physicians who provide emergency medical services in a hospital that provides

emergency care are required by law to provide discounts to Self-Pay Patients and Patients with High Medical Costs who are at or below 400 percent of the Federal Poverty Level. Patients must contact the emergency physician's billing office for further information regarding financial assistance programs for emergency services.

Emergency Medical Care and other Medically Necessary Services provided by professionals or physicians, other than the hospital facility itself, are not covered by the Hospital's financial assistance policies. Professional or physician services include:

• Ambulance Services • Audiology • Anesthesiology • Cardiology • Dentistry • Dermatology • Dialysis • Emergency Physicians • Endocrinology • Gastroenterology • Gynecology	• Hospitalists • Internal Medicine • Magnetic Resonance Imaging (MRI) • Neonatology • Nephrology • Neurology • Nuclear Medicine • Obstetrics • Otolaryngology ENT • Ophthalmology	• Pathology • Physician Assistants • Podiatry • Psychiatric Services • Radiation Therapy • Radiology • Respiratory Care • Surgeons • Urology
--	--	--

B. General Eligibility

Consistent with the Hospital's mission as a nonprofit public benefit organization to operate and furnish care, treatment, hospitalization and other services, with or without compensation, the Hospital will, pursuant to this Policy, provide financial assistance to Financially Qualified Patients.

The Hospital shall determine eligibility for the Charity Care Program or Discounted Payment Program based upon an individual's financial need in accordance with this Policy. Patients seeking Charity Care or Discounted Payment must make reasonable efforts to provide the Hospital with documentation of income and health benefits coverage. If a patient fails to provide the information specified in this Policy and the accompanying application form, the Hospital may consider such failure in making its determination.

Before a patient can be eligible for the Charity Care Program or the Discounted Payment Program, all available resources must first be applied, including, but not limited to, private health insurance (including coverage offered through the California Health Benefit Exchange), Medicare, Medi-Cal, the Healthy Families Program, the California Children's Services Program, or other state- or county-funded programs designed to provide health coverage. In addition, the hospital cannot require a patient to apply for Medicare, Medi-Cal, or other coverage before the patient is screened for, or provided, discount payment. However, hospitals may require patients

to participate in screening for Medi-Cal eligibility.

Patients who are eligible for and/or receive financial assistance under the Charity Care Program or the Discounted Payment Program may not receive financial assistance pursuant to the Hospital's Uninsured Patient Discount Policy (No. 20-01-0036).

Financial assistance under this Policy shall be provided to eligible patients without regard to race, religion, color, creed, age, gender, sexual orientation, national origin or immigration status.

C. **Specific Eligibility**

Patients may apply for financial assistance under Section IV.C.1 or Section IV.C.2, as described below.

1. **Discounted Payment Program**

Both Self-Pay Patients and Patients with High Medical Costs shall be eligible to apply for the Discounted Payment Program.

- a. **Self-Pay Patients:** The Hospital shall limit the expected payment for Emergency Medical Care and other Medically Necessary Services provided by Hospital to Self-Pay Patients whose documented income is between 150 percent and 400 percent, inclusive, of the Federal Poverty Level, to the "amount generally billed" ("AGB") for such services, which the Hospital determines to be the amount of payment the Hospital would expect in good faith to receive for providing services under Medicare as if such Self-Pay Patient had been a Medicare beneficiary. If the Hospital provides a service for which there is no established payment by Medicare, then the Hospital shall establish an appropriate Discounted Payment amount.
- b. **Patients with High Medical Costs:** Patients with High Medical Costs whose documented income is between 150 percent and 400 percent, inclusive, of the Federal Poverty Level, shall be liable, taking into account any un-reimbursed co-payments, co-insurance and deductibles, for the lesser of (i) the balance after any insurance payments are applied or (ii) the AGB.

Patients seeking a Discounted Payment must make reasonable efforts to provide the Hospital with documentation of income (limited to recent pay stubs or income tax returns) and health benefits coverage. Patients with High Medical Costs also must provide documentation of annual out-of-pocket costs that exceed the lesser of 10% of the patient's current family income or medical expenses paid by such patients or their families in the prior 12 months. For purposes of determining a patient's eligibility under this Policy, the Hospital may request the patient's consent to verify his/her employment status and credit history, as permitted by applicable law.

Patients that provide required documentation and qualify under the income requirements of this section may enter into an extended, interest free payment plan in accordance with the Hospital's Extended Payment Plan Policy & Procedure (No. 20-01-0035). The Hospital and the patient

shall negotiate the terms of such extended payment plan, and shall take into consideration the patient's family income and essential living expenses. A hospital may also consider the availability of a patient's health savings account held by the patient or the patient's family. If the Hospital and patient cannot agree on a payment plan, the Hospital shall create a Reasonable Payment Plan.

2. **Charity Care Program**

The Hospital also will provide its Charity Care Program to Financially Qualified Patients who are unable to pay, regardless of insurance status, provided that the patient's income falls below 150 percent of the Federal Poverty Level.

Patients seeking Charity Care must make reasonable efforts to provide the Hospital with documentation of income, and health benefits coverage.

V. Application Procedures

When requesting financial assistance under the Policy, the patient, the patient's guarantor or the patient's legal representative is responsible for providing accurate information and using reasonable efforts to provide all documentation necessary. Below is a list of the responsibilities of the patient, the patient's guarantor or the patient's legal representative during the application process.

- A. To establish eligibility, all patients requesting financial assistance under the Policy will be required to complete the Hospital's Financial Assistance Application form, attached to this Policy as **Attachment B**.
- B. To be considered for the Charity Care Program or Discounted Payment Program under the Policy, the patient must cooperate with the Hospital to provide the information and documentation necessary to apply for other existing financial resources that may be available to cover (fully or partially) the charges for care rendered by the Hospital, including, but not limited to, private health insurance (including coverage offered through the California Health Benefit Exchange), Medicare, Medi-Cal, the Healthy Families Program, the California Children's Services Program, or other state- or county-funded programs designed to provide health coverage.
- C. If a patient applies, or has a pending application, for another health coverage program at the same time s/he applies for a Hospital Charity Care or Discount Payment program, neither application shall preclude eligibility for the other program.
- D. To be considered for Discounted Payment or Charity Care under the Policy, the patient must provide the Hospital with the financial and other information requested on the application needed to determine eligibility. This includes completing the required application forms and cooperating fully with the information-gathering and assessment processes.
- E. A patient who qualifies for Discounted Payment shall cooperate with the Hospital in establishing an extended payment plan. If the Hospital and patient cannot agree on an extended payment plan, then the Hospital shall create a Reasonable Payment Plan.
- F. A patient who qualifies for a Discounted Payment must make good-faith efforts to honor the

payment plan. The patient must promptly notify the Hospital of any change in financial status so that his/her eligibility for financial assistance may be reevaluated by the Hospital pursuant to this Policy.

- G. A patient's failure to mail or otherwise deliver to Hospital a complete Financial Assistance Application within 30 days of the final billing statement, which shall be sent at least 150 days from the date of the first post-discharge billing statement,? shall result in the Hospital beginning collections actions as described in the Hospital's Collection of Past Due Accounts Policy.
- H. In the event of a dispute, a patient may seek review from the Hospital's Business manager, CFO, or other appropriate manager.
- I. The following approvals are required for Financial Assistance Applications:

Director of Patient Accounting

Level	Charity Care/Discounted Care Payment Amount	Required Approvals
1	under \$50,000	Director of Patient Accounting and Chief Financial Officer
2	\$50,000 to \$249,999	
3	\$250,000 and above	Director of Patient Accounting, Chief Financial Officer and Chief Executive Officer

VI. Collections Policies and Procedures for All Applicants

The Patient Accounting and Credit and Collections Departments have the authority to advance a patient debt for collections, and will be responsible for determining an individual's ability to pay, utilizing all or a portion of the factors outlined within this Policy. Collection activity will be conducted by the Hospital's Credit and Collections Department or designated collection agency that has agreed to comply with this Policy and the collections procedures set forth in the Hospital's Collection of Past Due Accounts Policy & Procedure (No. 20-01-0033).

- A. To balance a patient's need for financial assistance with the Hospital's broader fiscal responsibility to the community of maintaining a financially healthy facility, the Hospital shall make all reasonable efforts to determine the patient's ability to contribute to the cost of their care as set forth herein.
- B. The Hospital shall determine the patient's eligibility for financial assistance as close as possible to the rendering of Emergency Medical Care or other Medically Necessary Services.
- C. The Hospital may declare an extended payment plan (including a Reasonable Payment Plan) inoperative if the patient fails to make all consecutive payments during a 90-day period. Before declaring an extended payment plan inoperative, the Hospital, collection agency or assignee shall make a reasonable attempt to contact the patient by telephone, give written notice that the extended payment plan may become inoperative, and inform the patient that s/he may

renegotiate the terms of the payment plan.

- D. If the Hospital determines that an individual is unable to pay for all or part of the payment due, and there are no other avenues available to collect on the account, then the uncollected amount will be written off as Charity Care. Otherwise, the account will be pursued as outlined in the Hospital's Collection of Past Due Accounts Policy & Procedure. Any actions the Hospital may take in the event of nonpayment are set forth in the Hospital's Collection of Past Due Accounts Policy, a copy of which is available and without charge, both by mail and at all points of registration, including the emergency department, the billing office, the admissions office and other outpatient settings.
- E. Under no circumstances will contractual write-offs, discounts or any other administrative or courtesy allowances be written off as Charity Care.
- F. Prior to commencing collection activities, the Hospital shall provide the patient with written notice containing a plain language summary of the patient's rights pursuant to California Health and Safety Code Section 127430(a), and a statement that nonprofit credit counseling services may be available in the area. Specific collection activities the Hospital may take and the time frames for pursuing collection actions are set forth in the Hospital's Collection of Past Due Accounts Policy, a copy of which is available and without charge, both by mail and at all points of registration, including the emergency department, the billing office, the admissions office and other outpatient settings.
- G. The Hospital or its assignee that is an affiliate or subsidiary of the Hospital shall not, in dealing with patients eligible under any portion of this Policy, use wage garnishments or liens on primary residences as a means of collecting unpaid Hospital bills.
- H. In dealing with patients eligible under any portion of this Policy, a collection agency or other assignee that is not a subsidiary or affiliate of the Hospital shall not use a wage garnishment (except by court order) or notice or conduct a sale of the patient's primary residence as means of collecting unpaid Hospital bills.
- I. Neither Section VI.G nor Section VI.H of this Policy shall preclude the Hospital, a collection agency or other assignee from pursuing reimbursement or any enforcement remedy or remedies from third-party liability settlements, tortfeasors or other legally responsible parties.
- J. If a patient is attempting to qualify for eligibility under the Hospital's Charity Care Program or Discounted Payment Program and is attempting in good faith to settle an outstanding bill with the Hospital by negotiating an extended payment plan or by making regular partial payments of a reasonable amount, then the Hospital shall not send the unpaid bill to any collection agency or other assignee, unless that entity has agreed to comply with this Policy, and if the bill has already been sent to a collection agency the Hospital shall suspend such collection services.
- K. The Hospital or the Hospital's assignee shall not report adverse information to a consumer credit reporting agency or commence civil action against the patient for nonpayment at any time prior to 180 days after the first post-discharge billing statement. This period shall be extended if the patient has a pending appeal for coverage of the services until a final determination of the appeal is made.
- L. No information collected by the Hospital for the purpose of determining eligibility for financial assistance shall be used for collections activities. However, the Hospital, collection agency or assignee may use information obtained independently of the eligibility process for the Charity

Care Program or the Discounted Payment Program.

VII. Notice Requirements

A. Website

This Policy, the Financial Assistance Application form, and a plain language summary of the Policy are made conspicuously available on the Hospital's website and are available for download and printing.

B. Hardcopies

Copies of this Policy, the Financial Assistance Application form, and a plain language summary of the Policy are available upon request and without charge, both by mail and at all points of registration, including the emergency department, the billing office, the admissions office and other outpatient settings.

C. Notice to Patients

The Hospital shall offer a paper copy of a plain language summary of this Policy to patients as part of the intake or discharge process, including for individuals who received emergency or outpatient care and were never admitted as inpatients.

A conspicuous written notice on billing statements will notify and inform recipients about the availability of financial assistance under this Policy. Such notice shall provide the telephone number of the Hospital's department that can provide information about the Policy and the application process and the direct Website address where copies of the FAP, Financial Assistance Application form, and a plain language summary may be obtained.

Signage regarding the Policy, how to obtain more information about the Policy and how to obtain copies of the Policy, the Financial Assistance Application form, and a plain language summary, is posted at all points of registration, including the emergency department, the billing office, the admissions office, other outpatient settings, and on the Hospital website with a link to the policy.

Prior to commencing collection activities, the Hospital or its designee shall provide the patient with written notice containing a plain language summary of the patient's rights pursuant to California Health and Safety Code Section 127430(a), and a statement that nonprofit credit counseling services may be available in the area, and on the Hospital's website with a link to the policy.

D. Notice to Members of the Community

The Hospital will, in addition to informing patients about this Policy, notify and inform members of the community about the availability of financial assistance under this Policy as well as how or where to obtain more information about the Policy and the Financial Assistance Application process and to obtain copies of the FAP, Financial Assistance Application form, and a plain language summary of the Policy.

E. Translation

The Hospital will make this Policy, the Financial Assistance Application form, and a plain language summary of the Policy available in English and in any other language that the Hospital determines is spoken by populations in the community with limited English proficiency constituting the lesser of 1,000 individuals or 5 percent of the community served by the Hospital.

F. Identification of Financially Qualified Inpatients

Hospital financial counselors will attempt to contact registered inpatients during their hospital stay to assess patients' needs and identify those patients that may be eligible for financial assistance. The Hospital may utilize internal staff or third party agents to assist patients in applying for medical assistance programs funded by city, county, state or federal programs.
