<p>Manual: Business Office Department: Business Office Number: HS-FIN303</p>	<p>Last Review/Revision Date: 6/20/2024</p>

I. PURPOSE

Community Memorial Healthcare (CMH) is committed to providing charity care or financial assistance to persons who have healthcare needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, for medically necessary care based on their individual financial situation. CMH provides, without discrimination, care of emergency medical conditions to individuals regardless of their eligibility for financial assistance or for government assistance.

II. POLICY

Community Memorial Healthcare’s mission is to provide the best care to every patient every day through integrated clinical practice and education. Community Memorial Healthcare strives to benefit humanity through work in these areas, while supporting the communities in which we live and work. As part of that commitment, Community Memorial Healthcare serves, appropriately, patients in difficult financial circumstances. Above all, Community Memorial Healthcare’s guiding philosophy is that the needs of the patient come first.

Charity Care, hereafter identified as Financial Assistance, is only one component of Community Memorial Healthcare’s charitable mission. Financial Assistance may consist of full write-off of charges, partial write-off of charges, or offering the patient other payment options (see Payment Hierarchy policy).

Please note that this policy only applies to inpatient and outpatient hospital services and that there are providers who perform services within the hospital who are not covered under this policy, as they do not bill through the health system. They are listed in Attachment C.

Patients seeking debt relief from the Financial Assistance Program must be a resident of the Community Memorial Healthcare’s defined service area. CMH reaches out to self-pay and underinsured patients in a number of ways, including raising patient awareness of Medi-Cal health insurance. By assisting our patients with the application process CMH helps patients obtain the benefits for which they qualify.

The Patient Financial Services Department assumes the responsibility to exercise “sound business practices,” and to make a hospital-defined “reasonable effort” to collect its accounts. CMH adheres to the Fair Debt Collection Practices Act and the Association of Credit and Collection Professional’s Code of Ethics and Professional Responsibility and patients are treated with respect and in line with our mission and values.

ATTACHMENTS TO THE POLICY

- A. Attachment A: Qualifying Income, United States Federal Poverty Guidelines, & Debt Reduction
- B. Attachment B: Financial Assistance Application & Instructions
- C. Attachment C: Community Memorial Providers Not Covered by this Policy

FINANCIAL ASSISTANCE PROGRAM IDENTIFICATION

A. Patient Access Process

1. Financial Assistance Program brochures explaining the policy will be posted at each point of entry.
2. Signs alerting patients to the availability of Financial Assistance will be prominently displayed.
3. Patient Access staff will be trained in the basics of the program and where to refer patients who have additional questions
4. On the back of each summary statement a message will be printed that explains CMH Financial Assistance Policy.

CMH recognizes health care is often unplanned and can be expensive. We provide our patients without health insurance and uninsured patients discounts similar to the other payers of health care services. CMH provides uninsured patients a discount on their bill. We also have a Financial Assistance Program (Charity Care) that you may qualify for.

An application must be completed to determine eligibility. Please contact the Customer Service Department for more information.

B. Financial Counseling

1. Payment source and patient's ability to pay will be evaluated upon admission by the CMH Financial Advocate.
2. Patient Financial Services staff or a designee of Community Memorial Healthcare will assist patients with reimbursement from local, state, and federal programs when there is no other source of payment.
3. In the event that no third party payment source is available, patients/guarantors will be provided with information on the Financial Assistance Program.
4. Patient Financial Services staff will assist patients/guarantors to make payment arrangements if no assistance (e.g. local, state, federal, or Community Memorial Healthcare financial assistance program) is available.

C. External Collection Efforts

Collection agencies performing debt collection on behalf of Community Memorial Healthcare will refer back to the hospital all patients/guarantors with Financial Assistance Program applications when the patient/guarantor expresses difficulty in meeting the payment expectations of the collection agency.

ELIGIBILITY AND PROCESSING GUIDELINES

A. Application Process

1. Application for Financial Assistance may be completed anytime, throughout the revenue cycle process, when a self-pay balance is due and it is acknowledged (or the patient/applicant has expressed) that there is financial difficulty.
2. An application may be completed prior to receiving services if confirmation is received and the service is self-pay. Financial Assistance program excludes cosmetic procedures and will be reviewed for Medical necessity. Maternity patients are excluded from this policy as Medi-cal will assist with those cases. Other exclusions may apply. See exclusion list.
3. Eligibility is contingent upon patient cooperation with the application process.
4. The application process includes completing the financial assistance application and providing verification of documents.
 - a. When an application form cannot be filled out, the Director of Admissions/Patient Financial Services may use discretion in identifying and authorizing the account as Financial Assistance Program.
 - b. Upon receipt of the completed application, Director of Admissions/Patient Financial Services or his/her designee, will complete the Financial Assistance Program allowance worksheet and make a final determination for eligibility.
5. Confirmation of continued eligibility may be updated every 3 months.
6. For patients that qualify for financial assistance and who are cooperating in good faith to resolve their hospital bills, CMH may offer extended payment plans, see Payment Hierarchy Policy, and will not impose wage garnishments or force a foreclosure on primary residences, will not impose actions that force bankruptcy and will not send unpaid bills to outside collection agencies.
7. After the completed application has been received a letter of acceptance or non acceptance for the program will be sent to the patient or guarantor within 15 to 30 days from the date of receipt.

B. Qualification Criteria and associated Debt Reduction: The Financial Assistance Application is used to determine the patient/guarantors' eligibility for:

1. Charity
 - a. Financial Assistance debt reduction write-offs will be based on a sliding-scale fee schedule Attachment A utilizing the current United States Federal Poverty Guidelines.
 - b. Information from the applicant's financial application Attachment B and supporting documentation will be applied to the list of exclusions to determine the amount of the qualified Financial Assistance to be granted.
 - c. Verification may include, but not be limited to, the applicant's most current

- federal tax return and 3 months of recent (including current) pay stubs.
- d. The applicant's net worth and/or assets (means testing) may be also used as a determining factor regarding Financial Assistance approval.
2. Uninsured, Underinsured or Financially needy
 - a. Financial Assistance debt reduction write-offs will be based on a sliding fee schedule Attachment A utilizing the current United States Federal Poverty Guidelines, income, assets, family size, medical needs and catastrophic costs. Financial assistance ranges between Medicare Rates and 100% and is available to all patients regardless of whether or not they have health insurance. Patients who have health insurance may qualify for assistance on their remaining balance (coinsurance/deductibles) after insurance pays. See Payment Hierarchy Policy.
 - b. Information from the applicant's financial application Attachment B and supporting documentation will be applied to the list of exclusions to determine the amount of the qualified Financial Assistance to be granted.
 1. Verification may include, but not be limited to, the applicant's most current federal tax return and 3 months current pay stubs.
 2. The applicant's net worth and/or assets (means testing) may be also used as a determining factor regarding financial assistance approval.
 3. Self-employed patients are required to submit a Profit and Loss statement to verify income.
 3. Patients/Guarantors who experience Sudden and Prolonged Loss of Income may qualify for the Financial Assistance Program based upon 3 months of recent (including current) pay stubs and/or documentation from sources such as Social Services, etc. confirming the claim of Loss of Income.
 4. Government Assistance: In determining whether an individual qualifies for Financial Assistance, other county or governmental assistance programs should also be considered.
 - a. Community Memorial Healthcare contracts with third party patient advocate to help individuals determine eligibility for governmental or other assistance, as appropriate.
 - b. Persons who are eligible for programs (such as Medi-cal) but who were not covered at the time that medical services were granted may be approved for Financial Assistance provided that the patient now applies for government assistance. This may be prudent, especially if the patient requires ongoing services.
 - c. For patients who are non-responsive to the application process, other sources of information should be used to make an individual assessment of financial need. This information will enable CHM to make an informed decision on the financial need of non-responsive patients.
 - d. For the purpose of helping financially needy patients, a third-party may be

utilized to conduct a review of patient information to assess financial need. This review utilizes a healthcare industry-recognized, predictive model that is based on public record databases. These public records enable CHM to assess whether the patient is characteristic of other patients who have historically qualified for financial assistance under the traditional application process. In cases where there is an absence of information provided directly by the patient, and after efforts to confirm coverage availability, the predictive model provides a systematic method to grant presumptive eligibility to financially needy patients.

- e. Financial Support granted under the Predictive Model is intended to be on a one-time basis. Patients granted Presumptive Support will be asked to complete the Financial Assistance Application process for future services. In the event a patient does not qualify under the predictive model, the patient may still provide supporting information within established timelines and be considered under the traditional financial assistance application process. Patient accounts granted presumptive eligibility status will be adjusted using specific Charity Pre (CHARPRE) at such time the account is deemed uncollectable and prior to referral to collection or write-off to bad debt. The discount granted will be classified as financial support; the patient's account will not be sent to collection and will not be included in CHM bad debt expense.
- f. Patient accounts granted presumptive eligibility status will be adjusted using specific Charity Pre (CHARPRE) at such time the account is deemed uncollectable and prior to referral to collection or write-off to bad debt. The discount granted will be classified as financial support; the patient's account will not be sent to collection and will not be included in CHM bad debt expense.

OTHER DEBT REDUCTION

1. Administrative write-offs will not be considered Charity Care.
2. Bad Debts will not be considered Charity Care.
3. Bad Debt accounts returned by third party collection agencies who have determined the patient/guarantor does not have the ability to pay, in accordance to the Financial Assistance Program policy, will be classified as Charity Care.
4. Accounts reduced to a zero balance as the result of the patient/guarantor being deceased with no estate will be considered Charity Care, as evidenced by supporting documentation.
5. Accounts reduced to a zero balance, as the result of bankruptcy will be considered Charity Care.
6. Approval for Financial Assistance and any care provided covered by the Financial Assistance Program does not obligate Community Memorial Healthcare to provide continuing care.

DEBT REDUCTION AUTHORIZATIONS

Approval Level – All financial assistance applications must be approved according to the following:

From	To	Title
\$0	\$10,000	Senior Patient Account Rep
\$10,001	\$100,000	Director Of Patient Financial Services
\$100,001	\$Over	VP Finance

OTHER FINANCIAL ASSISTANCE PROGRAM CONSIDERATIONS

Approval for Financial Assistance and any care provided covered by the Financial Assistance Program does not obligate Community Memorial Healthcare to provide continuing care.

Factors Not Considered

The following factors will not be considered when making a recommendation for Financial Assistance and/or in granting of assistance: Bad Debt; contractual allowances; perceived underpayments for operations; cases paid through a charitable contribution; community service or outreach programs; or employment status. In other words, these monetary sources have no bearing on the patient’s eligibility.

Equal Opportunity

When making decisions on Financial Assistance, Community Memorial Healthcare is committed to upholding the multiple federal and state laws that preclude discrimination on the basis of race, sex, age, religion, national origin, marital status, sexual orientation, disabilities, military service or any other classifications protected by federal, state or local laws.

REASONS FOR DENIAL

1. Sufficient income
2. Asset level
3. Uncooperative despite reasonable efforts to work with the patient
4. Incomplete Financial Assistance Application despite reasonable efforts to work with the patient
5. Withholding insurance payment and/or insurance settlement funds
6. Failure to complete applications for Medi-cal
7. Failure to participate and cooperate with Medi-cal eligibility vendor

COVERAGE PERIOD

Services provided by hospitals and clinics of Community Memorial Healthcare are covered by the Financial Assistance Program.

Services incurred by the patient/guarantor and future services, not extending beyond 30 days, may be included in the reduction. Patients/guarantors receiving health care services 3 months beyond the initial Financial Assistance Program approval will re-verify their financial income information.

Financial Assistance Policy & Application

Entities not covered under the Financial Assistance Program policy:

Long-term care, assisted living center, HME/DME, and any other service not typically provided by the traditional hospital or clinics are not eligible for inclusion in the Financial Assistance Program.

Only services provided to patients as urgent or emergent qualify for charity care. Elective services are not eligible for Financial Assistance Program reduction, unless they have been pre-qualified via the Financial Assistance Program guidelines.

The following services are excluded from the Financial Assistance Program:

1. **Abortion:** Services, supplies, care, or treatment in connection with an elective abortion.
2. **Acupuncture:** Shiatsu, electrical stimulation to the periosteum, chelation therapy, immunoaugmentive therapy (IAT), thermograph, joint reconstruction therapy, joint sclerotherapy, prothotherapy, or ligamentous injections with sclerosing agents, osteopathic manipulative treatment, spinal manipulative treatment, and kebiozen.
3. **Complications:** Complications of non-covered Procedures.
4. **Cosmetic surgery:** Cosmetic surgery or any complications arising from cosmetic surgery including; laser treatment or ablation of benign skin lesions (except for condyloma acuminatum), dermabrasion, superficial chemical peels, and medium or deep chemical peels not directed at the treatment of pre-cancerous skin lesions. **This exclusion does not apply to:** Cosmetic surgery required for correction of a condition arising from an accidental injury, or when rendered to correct a congenital anomaly where the correction restores a functional bodily process.
5. **Custodial care:** Care whose primary purpose is to meet personal rather than medical needs and which can be provided by persons with no special medical skills or training is considered as custodial care. Such care includes, but is not limited to: helping a patient walk, get in or out of bed, and take normal self-administered medicine. Domiciliary care and inpatient hospitalization are not covered for the purposes of custodial care.
6. **Dental treatment:** Routine dental treatment, unless medically necessary due to a serious medical condition or an accidental injury.
7. **Exercise programs:** Exercise programs for treatment of any condition, except for Physician-supervised cardiac rehabilitation, occupational, or physical therapy.
8. **Experimental or not medically necessary:** Care and treatment that is either experimental/investigational or not medically necessary.
9. **Gastric surgery:** Any services, supplies, or programs involving gastric surgeries for weight loss.
10. **Impotence:** Care, treatment, services, supplies, or medication in connection with diagnosis and treatment for impotence.
11. **Infertility:** Care, supplies, services, diagnosis and treatment for infertility, sterility, artificial insemination, embryo transplants and storage, or in-vitro fertilization.
12. **Maternity:** Maternity patients are excluded from this policy as Medi-cal will assist with those cases
13. **Massage:** Services from a masseur, physical physical education instructor, or

health club attendant.

14. **No physician recommendation:** Care, treatment, services, or supplies not recommended and approved by a physician; or treatment, services or supplies when the patient is not under the regular care of a physician. Regular care means ongoing medical supervision or treatment, which is appropriate care for the injury or sickness.
15. **Obesity:** Care and treatment of obesity, weight loss, or dietary control whether or not it is, in any case, a part of the treatment plan for another sickness.
16. **Occupational:** Charges for or in connection with an injury or illness, which is occupational—that is, arises from work for wage or profit including self-employment. This exclusion applies even though the participant waives or fails to assert his right under the law, or expenses resulting from wage or profit. One example of this is if the individual is self-employed and experiences an injury or illness, which arises out of or in the course of that employment, the charges will not be covered by the FAP if the self-employed individual elected not to participate in a worker’s compensation program, as consistent with any applicable State or Federal Law.
17. **Private duty nursing:** Charges in connection with care, treatment, or services of a private duty nurse.
18. **Surgical sterilization:** Elective surgical sterilization procedures.
19. **Surgical sterilization reversal:** Care and treatment for reversal of surgical sterilization.
20. **Surrogacy:** Any service associated with any type of surrogacy agreement or arrangement, including traditional surrogacy, artificial insemination related to a surrogacy agreement or arrangement, or gestational or invitrofertilization surrogacy.

III. Financial Assistance Program

Bad Debt: Gross charges incurred in providing services to patients who were determined to have the ability to pay for such services, but eventually do not. This determination can be made upon admission, or any time subsequent thereto.

Charity care: Gross charges incurred in providing services to patients who were determined not to have the ability to pay for such services and for which Community Memorial Healthcare ultimately does not expect payment. This determination can be made upon admission or any time subsequent thereto. In addition, **Financial Assistance Program should also include:**

Service area: The service area of the hospital for the purpose of this policy is considered to be a geographical area extending to Ventura County.

Sudden and prolonged loss of income: Patients who experience a sudden and prolonged loss of income of at least 90 days due to illness will complete a Financial Assistance Program application.

Miscellaneous write-offs: Gross charges incurred in providing services to patients who it was determined had the ability to pay but, based upon litigation’s, disputes, etc., an administrative decision was made not to require payment.

Amounts returned by collection agencies: After a certain time period has elapsed, the collection agency will return any accounts deemed to be uncollectible. Their returned accounts should be written off as charity care provided the professional agency has determined that the patient is unable to pay the bill.

Financial Assistance Policy & Application

Deceased with no estate: Outstanding accounts for person, who expires with no estate, should be written off as charity care. If partial payment from the estate is received, the remainder of the bill should be considered charity care.

Bankruptcy: Outstanding accounts for a person, who declares bankruptcy, should be written off as charity care.

Income: Cash equivalent received/earned by household.

Assets: Resources/Possessions other than income. To include but not limited to real property assets, savings, checking, and investment assets.

Net assets: Assets less debt.

Means testing: Net assets in excess of 200% of household income will be considered income for the purpose of the Financial Assistance Program.

Episode of care: Course of treatment prescribed by a physician delivered over a finite period of time.
