STANDARD POLICY: FINANCIAL ASSISTANCE POLICY

POLICY SUMMARY/INTENT:

Adventist Health facilities are built on a team of dedicated health care professionals - physicians, nurses, technicians, management, trustees, volunteers, and many other devoted health care workers. Together, these individuals serve to protect the health of their communities. Their ability to serve requires a special relationship built on trust and compassion. Through mutual trust and goodwill, Adventist Health and patients will be able to meet their responsibilities. This policy is designed to strengthen that relationship and make sure patients receive services regardless of their ability to pay.

This policy describes Adventist Health's Financial Assistance (both Charity Care and Discounted Care) policy. Adventist Health does not discriminate, and is fair in reviewing and assessing eligibility for Financial Assistance for community members who may be in need of financial help. Adventist Health provides financial assistance to patients and families when they are unable to pay, all or part, of their medical bill. This policy describes how Adventist Health reviews a patient's financial resources to determine if financial assistance can be provided.

The intent of this policy is to comply with applicable federal, state and local laws and regulations.

POLICY: COMPLIANCE – KEY ELEMENTS

Adventist Health is committed to providing Financial Assistance to patients who seek Emergency Medical Care, or Medically Necessary Care, but have limited, or no means, to pay for that care. Financial Assistance is comprised of both Charity Care (free care) and/or Discounted Care. Adventist Health will provide, without discrimination, Emergency Medical Care, or Medically Necessary Care as defined in this policy, to persons regardless of their ability to pay, their eligibility under this policy, or their eligibility for government assistance.

Accordingly, this written policy:

1. Includes eligibility criteria for Financial Assistance – Charity Care (free) and Discounted Care (reduction in the patient's payment obligation);
2. Describes the basis for how Adventist Health calculates the amount charged to patients who qualify for Financial Assistance under this policy;
3. Describes how patients apply for Financial Assistance;
4. Describes how the Adventist Health hospital or other Adventist Health facility will publicize this policy in the community it serves; and
5. Describes how the Adventist Health hospital or other Adventist Health facility limits the amount billed to patients who qualify for Financial Assistance
6. Includes a list of physician and other providers who provide emergency or other medically necessary care in the hospital facility that specifies which providers are covered by the FAP and which are not.

Charity Care and Discounted Care are not substitutes for personal responsibility. Patients are expected to work with the facility when seeking Financial Assistance. Persons must help pay for the cost of their care based on their ability to pay. Persons with financial means to purchase health insurance will be encouraged to do so since this helps improve their access to health care services.

A. COMMITMENT TO PROVIDE EMERGENCY MEDICAL CARE:

1. Adventist Health provides, without discrimination, care for emergency medical conditions to individuals regardless of whether they are eligible for assistance under this policy. Adventist Health will not engage in actions that discourage individuals from seeking emergency medical care, such as by demanding that

emergency department patients pay before receiving treatment for emergency medical conditions or by permitting debt collection activities that interfere with the provision, without discrimination, of emergency medical care. Emergency medical services, including emergency transfers, pursuant to EMTALA, are provided to all Adventist Health patients in a non-discriminatory manner, pursuant to each Adventist Health hospital's EMTALA policy (see AH Model Policy AD-06-109-S "EMTALA – Compliance with EMTALA").

- i. Emergency Medical Care, or other Medically Necessary Care, provided at Adventist Health owned and operated facilities listed in Appendix B
- ii. Emergency department physician services that the Adventist Health facility bills for on the physicians' behalf.
- iii. Note: Emergency room physicians, who provide emergency medical services in an Adventist Health general acute care facility are excluded from this policy unless listed as a "Covered Provider" in the documentation from Appendix D. California requires these physicians to have their own financial assistance policies. Patients who receive a bill from an Emergency Room physician, and are uninsured, underinsured, or have High Medical Costs, should contact that physician's office and ask about their Financial Assistance policy.
- iv. An emergency physician who provides emergency medical services at an Adventist Health hospital in California is required by law to provide discounts to uninsured patients or patients with high medical costs who are at or below 400 percent of the federal poverty level.
- v. A California small and rural hospital, as defined in California Health and Safety Code section 124840, may establish eligibility levels for financial assistance and charity care at less than 400 percent of the federal poverty level as appropriate to maintain their financial and operational integrity.

- ii. For patients on Medicaid (called "Medi-Cal" in California) the patient's Share of Cost (SOC) amounts are not eligible for financial assistance. The SOC amounts are set by the State. States require patients to pay the SOC as a condition of receiving Medicaid/Medi-Cal covered services.
- iii. A patient described in section(A)(1)(c)(i) may qualify for Financial Assistance under this policy, if they meet one of the following criteria:
 - I. Income: Household Income is at, or below, 400% of the FPL.
 - II. Expenses: Patients who do not meet the income criteria, may be eligible for financial assistance based on essential living expenses and resources. The following two (2) qualifications must both apply:

d. Financial Assistance Levels: Basis for Calculating Amounts Charged to Patients

- i. There is a limit to the amount an individual who is eligible for Financial Assistance may be charged. That individual may not be charged more than the Amount Generally Billed (AGB) for emergency or other medically necessary care. Adventist Health does not bill or expect payment of gross charges from individuals who qualify for financial assistance under this policy. Appendix C describes the specific AGB methodology used for each Adventist Health hospital facility.
- ii. Charity Care and Discounted Care: Documentation of Household income shall differ depending on whether the hospital is determining eligibility for charity care or discounted payment.
 - I. For purposes of determining eligibility for charity care, documentation of assets may include information on all monetary assets, but shall not include statements on retirement or deferred compensation plans qualified under the Internal Revenue Code, or non-qualified deferred compensation plans. A hospital may require waivers or releases from the patients or patient's family, authorizing the hospital to obtain account information from financial or commercial institutions, or other entities that hold the monetary assets, to verify their value. For purposes of this determination, monetary assets shall not include retirement or deferred compensation plans qualified under the Internal Revenue Service Code, or non-qualified deferred compensation plans. Furthermore, the first ten thousand dollars (\$10,000) of a patient's monetary assets shall not be counted in determining eligibility, nor shall 50 percent of patient's monetary assets over the first ten thousand dollars (\$10,000) be counted in determining eligibility.
 - II. For purposes of determining eligibility for discounted payment, documentation of income shall be limited to recent pay stubs and income tax returns.
 - III. Eligibility for discounted payments or charity care may be determined at any time the hospital is in receipt of information.
- iii. For patients of Adventist Health's California hospitals, a hospital shall further limit expected payment for services it provides to a patient who meets the criteria in section (A)(1)(c) to the amount of payment the hospital would expect, in good faith, to receive for providing services from Medicare or Medi-Cal, whichever is greater. If the hospital provides a service for which there is no established payment by Medicare or Medi-Cal, the hospital shall establish an appropriate discounted payment. Patients eligible for financial assistance pursuant to the section shall not

be required to undergo an independent dispute resolution process. Adventist Health shall provide charity care (zero patient responsibility) for Self-Pay Patients at or below 200% or less of the Federal Poverty Level.

iv. For patients of non-California hospitals and Adventist Health Physician Network patients. The discount is based on the percentages in the following tables:

- iv. Adventist Health shall not use any information given by a patient regarding monetary assets, pay stubs or income tax returns, in connection with his or her application, for any collection activities of Adventist Health. Information provided by the patient about their household income will only be used to evaluate whether the patient qualifies for financial assistance under this policy.
- v. Adventist Health shall not deny financial assistance under its FAP based on a patient's failure to provide information or documentation unless the information or documentation is described in the FAP or FAP application form.

If a patient applied or has a pending application for another health coverage program at the same time that the patient applies for a facility financial assistance program, neither application will stop eligibility for the other program.
- ii. Upon receiving a complete FAP application from a patient who the hospital believes may qualify for Medicaid, the hospital shall postpone determining whether the patient is FAP-eligible for the care until after the patient's Medicaid application has been completed and submitted and a determination as to the individual's Medicaid eligibility has been made.

vii. Presumptive Financial Assistance Eligibility

- i. Presumptive Financial Assistance takes place when Adventist Health staff may assume a patient will qualify for financial assistance based on information received by the facility, i.e., homelessness, etc.
 - I. A staff or management member of the Patient Financial Services Department will complete an internal Financial Assistance Application for a patient, to include:
 - A. The reason the patient, or patient's guarantor, cannot apply on his/her own behalf; and
 - B. The patient's documented medical or socio-economic reasons that stop the patient, or patient's guarantor, from completing the application.
 - II. Financial assistance may be granted in the absence of a completed application in situations where the patient does not apply but other available information substantiates a financial hardship. The reason for presumptive eligibility will be reflected in the transaction code used to adjudicate the patient's the patient's claim. Additional patient notes may be included. Examples of the exceptions where documentation requirements are waived include but are not limited to:
 - A. The patient's medical record that documents they are homeless;
 - B. It is verified that the patient expired with no known estate or spouse;
 - C. The patient is currently in jail or prison;
 - D. The patient qualifies for a public benefit program including Social Security, Unemployment Insurance Benefits, Medicaid, County Indigent Health, AFDC, Food Stamps, WIC, etc.;

 - 1. Patient has an active Medicaid plan
 - 2. Patient is eligible for Medicaid
 - 3. or patients with current active Medicaid coverage will have assistance applied for past dates of service
 - K. Any other information required by the Financial Assistance Application
 - III. If the patient is presumptively determined to be eligible for less than the most generous assistance available under the FAP, the hospital facility shall
 - 1. Notify the individual regarding the basis for presumptive FAP-eligibility determination and the way to apply for more generous assistance available under FAP.

2. Give the patient a reasonable period of time to apply for more generous assistance before initiating extraordinary collection actions to obtain the discounted amount owed for the care; and
 3. If the patient submits a complete FAP application seeking more generous assistance during the Application Period, determine whether the patient is eligible for a more generous discount and otherwise meets the requirements with respect to that complete FAP application.
- ii. Non-covered and denied service provided to Medicaid eligible beneficiaries are considered a form of charity care. Medicaid beneficiaries are not responsible for and forms of patient financial liability besides SOD and all charges related to services not covered, including all denials, are charity care. Examples may include, but not limited to:
- A. Services provided to Medicaid beneficiaries with restricted Medicaid (i.e., patients that may only have pregnancy or emergency benefits, but receive other hospital care)
 - B. Medicaid-pending accounts
 - C. Medicaid of other indigent care program denials
 - D. Charges related to days exceeding a length-of-stay limit
 - E. Medicaid claims (including out of state Medicaid claims) with "no payments"
 1. Any service provided to a Medicaid eligible patient with no coverage and no payment
- iii. If the patient does not or cannot respond to the application process, then the patient's account will be screened using the presumptive eligibility information outlined above to make an individual assessment of financial need. The above information helps Adventist Health make an informed decision on the financial need of a patient by using the best estimates available if the patient does not or cannot provide the requested information.
- I. Adventist Health facilities use a third-party to conduct electronic reviews of patient information to assess financial need. These reviews use a healthcare industry-recognized model that is based on public record databases. This predictive model uses public record data to calculate a socio-economic and financial capacity score. It includes estimates of income, (and for California, assets and liquidity). The electronic technology compares each patient using standards that are analogous to the standards in the formal application process.
 - II. Electronic technology will be used after all other eligibility, and payment sources, have been tried before a patient account is considered bad debt and turned over to a collection agency. This ensures Adventist Health facilities screen all patients for Financial Assistance before taking any collection actions.
 - III. The electronic eligibility review data that supports the financial need to qualify at 200% FPL, or less, will only be applied to past patient balances.
- iv. Patient accounts granted presumptive eligibility will be reclassified under the Financial Assistance policy, Adventist Health will not:
- I. send them to collection agencies, debt buyers, or other assignees that is not a subsidiary or affiliate of Adventist Health;
 - II. subject them to further collection actions;
 - III. notify them of their qualification; or
 - IV. include them in the facility's bad debt expense

viii. Eligibility Period

- i. The Financial Assistance adjustment will be applied to all eligible patient account balances, including those received before the application approval date.
- ii. The financial assistance approval is good for 180 days after the approval is granted.
- iii. For bills received after 180 days from when the financial assistance is approved, a separate Financial Assistance Application will need to be filled out if the patient is seeking financial assistance to pay those bills

ix. Appeal Regarding Application of This Policy

- i. Patients may submit a written request for reconsideration to the Finance Officer (FO) of the Adventist Health Facility at which they received services when:
 - I. they believe their Financial Assistance Application was not approved according to this policy; or
 - II. they disagree with the way the policy was applied to their case
- ii. The FO will be the final level of appeal.
- iii. Appeal must be submitted within 90 days of the date of the decision letter.

x. Agreements with other Parties - If Adventist Health sells or refers and individual's debt related to care to another party, Adventist Health will enter into a legally binding written agreement with the party that is reasonably designed to ensure that no ECAs are taken to obtain payment for the care until reasonable efforts have been made to determine whether the individual is FAP-eligible for the care. At a minimum such an agreement must provide the following:

- i. if the individual submits a FAP application after the referral or sale of the debt but before the end of the application period, the party will suspend ECAs to obtain payment for the care until either the hospital facility determined whether the individual is FAP-eligible based on a complete FAP application and otherwise met the requirements OR the individual has failed to respond to the requests for additional information and/or documentation within a reasonable period of time given to respond to such request.
- ii. if the individual submits a FAP application after the referral or sale of the debt but before the end of the application period and is

determined to be FAP-eligible for the care, the party will do the following in a timely manner:

- I. Adhere to procedures specified in the agreement that ensure that the individual does not pay, and has not obligation to pay, the party and the Adventist Health facility together more than the individual is required to pay for the care as a FAP-eligible individual
- II. if applicable and if the party (rather than the hospital facility) has the authority to do so, take all reasonably available measures to reverse any ECA (other than the sale of a debt or a lien that a hospital facility is entitled to assert under state law on the proceeds of a judgment, settlement, or compromise owed to an individual (or his or her representative) as a result of personal injuries for which the hospital facility provided care) taken against the individual.
- iii. if the individual submits a FAP application after the referral or sale of the debt but before the end of the application period, the party will suspend ECAs to obtain payment for the care as described in Paragraph A(j)(iii)(1) of the Financial Assistance Policy.
- iv. The party shall be required to comply with Adventist Health's definition and application of a reasonable payment plan, as that term is defined in the Financial Assistance Policy
- v. If the party refers or sells the debt to yet another party during the Application Period, the party will obtain a written agreement from that other party including all of the other elements described in this Paragraph k.
